Salt Powder

0.2 - 0.6 MM

Ultra-fine pink salt powder milled to 0.2–0.6mm for fast dissolving and even blending. Ideal for seasoning blends, bakery applications, and bath & cosmetic formulations where a fine, easy-to-work powder base is required.

MOQ = 5MT

INCOTERMS: FOB, CIF & EXW AVAILABLE

Versatile Applications

Fine Grain

0.6 – 1 MM

A table-ready fine grain, the closest match to ordinary refined salt. At 0.6 to 1mm this cut pours and dissolves close enough to standard table salt that retail brands use it as a direct swap, with the mineral colour and trace-mineral profile of Khewra halite.

MOQ = 5MT

INCOTERMS: FOB, CIF & EXW AVAILABLE

Table-Ready Pour

Direct Salt Swap

Mineral Colour

Shaker Friendly

Small Coarse

1 – 2 MM

Small coarse crystal for grinders and everyday cooking. The 1 to 2mm cut is what most consumer pink salt grinders are built around, feeding cleanly through the mill while holding its texture when sprinkled over a finished dish.

MOQ = 5MT

INCOTERMS: FOB, CIF & EXW AVAILABLE

- Grinder Friendly
- Jam-Free Flow
- Holds Texture
- Everyday Cooking

Coarse

3 – 5 MM

A true coarse grind, built for hand grinders and finishing salt. At 3 to 5mm this is the cut chefs reach for as a finishing salt, added at the table so the crunch and colour stay intact.

MOQ = 5MT

INCOTERMS: FOB, CIF & EXW AVAILABLE

Crunch Retained

Table Use

Wide Grinder Fit

Extra Coarse

5 – 8 MM

Extra coarse crystal, the base cut for bath salt and industrial blending. Sized 5 to 8mm, this grade is the standard base for bath salt blends and de-icing or industrial mixes where crystal size matters more than dissolve speed.

MOQ = 5MT

INCOTERMS: FOB, CIF & EXW AVAILABLE

- Bath Salt Base
- Industrial Blending
- Slow Dissolve
- Large Crystal

Small Chunks

2 – 3 CM

Small decorative chunks, sized for gift packs and cooking slabs. At 2 to 3cm these chunks look deliberate in a jar or gift pouch, and small enough to still fit a standard cooking slab tray.

MOQ = 5MT

INCOTERMS: FOB, CIF & EXW AVAILABLE

- Decorative Sizing
- Gift-Pack Ready
- Slab Compatible
- Retail Shelf Line

Medium Chunks

3 – 5 CM

Medium chunks for salt block cooking and refillable grinder decor. The 3 to 5cm cut is our most requested chunk size for salt block cooking accessories and for filling glass lamps and grinders where visible crystal is wanted.

MOQ = 5MT

INCOTERMS: FOB, CIF & EXW AVAILABLE

- Salt Block Cooking
- Grinder Refills
- Visible Crystal
- Most Requested

Large Chunks

6 – 8 CM

Large display chunks, the size buyers use for retail window pieces. At 6 to 8cm, these chunks are sold more as a display and decor item, though still washed and food-grade. Common in spa reception areas, retail window displays, and premium gift sets.

MOQ = 5MT

INCOTERMS: FOB, CIF & EXW AVAILABLE
